Embracing Our Neighbors with Jesus' Unconditional Love

Gabriel's Glad Tidings

Hey friends,

These last few months have been *ruff* (see what I did there?) for us Comfort Dogs.

So many of the places that we love to visit were closed or not letting outsiders come in.

I know that I missed seeing so many of my friends at our Early Childhood Center, Memorial Elementary and Lutheran North.

Another place I missed was the 911 Call Center, but I've started to go back there again.

That's where the dispatchers work to connect citizens in need with deputies who can help them.

Without them, people would not get the help they need.

You are like the dispatchers.

You know people who need help.

Some are sad. Some are scared. Some are lonely.

Your job is to connect people in need to the one who can help them, my Jesus!

In Psalm 50:15, my Jesus says, **"Call on Me in the day of trouble; I will deliver you and you will glorify Me."** Praying with someone when they are in trouble is a great way to connect them to my Jesus.

I'm always happy to comfort people in need, but my Jesus is the best comforter and helper of all.

Remember how He has helped you and tell others how He can help them, too.

And stay PAWSOME!

— Your friend Gabriel

I was so excited to see my dispatcher friends again!

Both of these dispatchers give great pets, rubs, and scratches!
